                                                      Opposite parties
                             ----
02/   31.08.2010   Heard learned counsel for the petitioner and learned counsel

for the State.

                The order of the writ court is only to the effect that the

allegations made by the petitioner against the present Mukhiya and her

husband predecessor Mukhiya be enquired into by the competent

authority of the State of Bihar under Bihar Panchayati Raj Act.

                From the show cause filed on behalf of the opposite parties,

it transpires that two days prior to the order of this court on

19.01.2008 itself, the concerned authority had found materials to

lodge F.I.R. against the Mukhiya in which charge sheet appears to

have already been submitted. In respect of some other allegations, the

authority had made enquiry but found nothing of substance.

                According to learned counsel for the petitioner the inquiry

by the authority into the allegation is not satisfactory and stern action

is required to be taken.

Considering the short order passed by this court on 21.01.2008, we are of the view that the order has been complied with in substance.

This contempt application is, therefore, disposed of.
