

WP 13280/2011

29.8.2011

This petition has been filed by way of PIL, with vague and sweeping allegations. The petitioner who is an Advocate is unable to show us his interest in the matter by indicating whether he has spent any part of his income or time or effort on cattle causes, and what else he has done for the said purpose except to file this PIL.

In absence of these details, we are not inclined to proceed with this kind of PIL which appears to lack any genuine concern for the cause. The writ petition is dismissed.
