

4. 30.6.2017 None appears on behalf of the petitioner.

Defect as pointed out by the office is removed since the learned Additional Government Advocate has appeared.

It has been submitted by learned Additional Government Advocate that the order No.478/dated 5.4.2010 of the authority granting licence under the Public Distribution System for the Bheteswara Panchayat for one month has been sought to be quashed with a further prayer to direct to grant licence for the year 2010-11.

It has been submitted by the learned Additional Government Advocate that nothing remains to be decided in the instant writ petition for the reason that licence for the Public Distribution System is for the year 2010-11 and as such the petitioner cannot get any relief after end of the licence year.

This Court, after going through the prayer made in the writ petition as well as considering the documents annexed thereto, is of the view that for the Public Distribution System licence has been granted in favour of the petitioner for one month vide order 478/dated 5.4.2010 which has been sought to be quashed with further prayer to direct the authority to grant licence under the Public Distribution System for the whole year 2010-11.

Taking into consideration the prayer made in the instant writ petition and also considering the fact that more than six years has already been lapsed from the date of issuance of the licence and prayer of the petitioner is to grant licence under the Public Distribution System for the year 2010-11, hence nothing remains to be decided in the writ petition after end of licence year.

Accordingly, the writ petition is dismissed as infructuous.
