Judgment

30/11/2017

This writ petition has been filed to seek a direction on the respondents to remove the encroachment on the land belonging to the temple.

The land in dispute is not of the Government, on which, encroachment has been made but is of the temple. The petitioner earlier preferred a suit when encroachment was made. It was decreed. Without taking the same remedy, as was earlier taken, the present writ petition has been filed to seek a direction on the Collector to remove the encroachment. The direction of the nature cannot be given for a land belonging to a temple, rather, can be taken by maintaining a suit for possession or if somebody is making encroachment then to seek injunction.

Taking into consideration the aforesaid, this writ petition is dismissed, however, it is with liberty to take appropriate remedy, as is available.
