Judgment / Order

31/01/2018

Counsel for the petitioner informs that the order passed by the Court dated 22/03/2017 has been challenged by the Rajasthan State Road Transport Corporation before the Division Bench and interim stay granted by the Division Bench is only in relation to the costs and therefore, he has moved the present contempt petition before this Court.

In the opinion of this Court, once the Division Bench is ceased with the matter and interim order has also been passed, it would be appropriate for the petitioner to move application before the Division Bench informing about non-compliance of the order impugned before it and the present contempt proceedings would not lie.

Accordingly, the contempt proceedings is dismissed at this stage and the notices are discharged.
