**HON'BLE MR. JUSTICE SANJEEV PRAKASH SHARMA**

**Judgment/ Order**

**31/07/2020**

**सत्यमेव जयते**

1. All the petitioners, in the aforesaid bunch of writ petitions, are the candidates, who are aspirants seeking liberty of this Court to write the examination of B.Sc. Nursing Part-IV by interim orders passed in 2019. The petitioners were directed to be allowed to participate in the examination of Part-IV B.Sc. Nursing in the subject wherein they had not been able to clear in earlier attempts.

2. Learned counsel for the respondent - University has put in appearance and reply has been filed in each of the writ petitions and the reason for not allowing the petitioners to appear in the B.Sc. Nursing Part-IV examination was on account of the fact that they had already put in 8 years of study, but had not been able to clear the examinations.

3. Learned counsel for the petitioners submitted that the petitioners are students, who had joined the course in 2010, however, the First Examination of B.Sc. Nursing Part-I was conducted in November, 2011 and the result of the said examination was declared on 3<sup>rd</sup> October, 2012. In this regard copy of the mark-sheet issued to petitioner - Fauran Singh has been placed on record.

4. Learned counsel further submitted that in view of the delay in conducting the first year examination, the period of 8 years ought to be extended accordingly and they cannot be non-suited on the said count. In support of the submissions, learned counsel relied on judgments passed in case of **Jitendra Gothwal Vs Rajasthan University of Health Sciences and Anr., S.B.Civil Writ Petition No. 2629/2017** decided on 21.02.2017, **Pramod Ashiya Vs Rajasthan University of Health Sciences, Jaipur and Anr. S.B. Civil Writ Petition No. 857/2017** decided on 06.07.2017, **Manoj Meghvanshi Vs Rajasthan University of Health Sciences, Jaipur and Anr. S.B. Civil Writ Petition No. 1001/2018** decided on 19.01.2018 passed by Coordinate Bench. Learned counsel also relies on earlier judgment passed in case of **Kalpana Patidar V/s Rajasthan**

**University of Health Sciences, Jaipur and Ors. S.B.Civil**

**Writ Petition No. 3127/2016** decided on 02.03.2016.

5. *Per contra*, learned counsel appearing for the respondent – University submits that the petitioner - Fauran Singh has already had attempted 14 times during his 4 year course and had failed in several parts of B.Sc. Papers-I, II, III and IV and therefore, he cannot be given benefit. Similarly, other candidates have also attempted 14 to 15 times during the last 8 years of their studies, but they have been unable to clear the B.Sc Nursing Course and therefore, they have not been allowed another attempt. Learned counsel has relied on the Ordinance promulgated in this regard by the Rajasthan University of Health Sciences. Learned counsel has also relied on judgment passed by this Court in case of **Prakash Singh Poonia Vs Rajasthan University of Health Sciences and Ors.** dated **24.11.2017** to submit that there cannot be any departure from the Ordinance. Learned counsel also relies on the judgment in **A.P. Christians Medical Education Society V/s Government of Andhra Pradesh and Anr. : 1986 (2) SCC 667** to submit that no direction can be issued to the University to disobey the statute.

6. I have considered the submissions as above.

7. For adjudication of the issue, it would be appropriate to consider the University Ordinance, which governs the examinations. The relevant Ordinance 299-V-4 and Ordinance 299-V-10 reads as under:-

**"299-V-4 There shall be annual examinations and a second examination for the remanded candidates**

*within a period of 4 to 6 months after the declaration of result."*

**"299-V-10** *Maximum number of attempts permitted for each paper will be three including the first attempt. Maximum period to complete the course successfully should not exceed eight years."*

8. It appears that aforesaid Ordinance was amended by the Rajasthan University of Health Sciences vide Notification dated 28<sup>th</sup> November, 2017 and in place of above provision, following provisions were replaced in Ordinance 299(V)4 and 299(V)10, which reads as under:-

**"299-V-4** *There shall be two examinations in a year – One Main Examination after regular study of 11<sup>th</sup> months of the session and the Second Examination (Remanded Exam. or Supplementary Exam.) for those candidates who have failed in the main exam. The Remanded Supplementary examination shall be conducted within a period of 4-6 months after the main examination conducted.*

**299-V-10** *A candidate can avail any number of attempts for each paper with the condition that maximum period for passing B.Sc. Nursing course is not more than eight (8) years. If he/she fails to clear all previous year due papers within eight (8) years for such candidate the enrollment will be cancelled automatically and he/she have to leave/discontinue the course. (There shall be no ceiling of number of attempts in failing subjects. However, a candidate is required to pass all subjects of B.Sc. Nursing with in a period of eight years from the date of admission, failing which candidate shall be deemed to be discharged from the course automatically."*

9. In the opinion of this Court as the Ordinance has been amended only in 2017 and the petitioners had joined in 2010,

the University Ordinance as quoted earlier part shall have an application for the present purposes.

10. As per the said Ordinance, the respondents were required to conduct annual examination each year and second examination for the remanded candidates within a period of 4 to 6 months after the declaration of the result. Admittedly, for the B.Sc. Part-I Exam, the candidates who were admitted in 2010 appeared in the examination only in November, 2011 for the first time and thereafter, have appeared in the remanded examination in November, 2012. The Session of First Year, therefore, seems to have been extended almost for a period of 2 years.

11. From the careful reading of Ordinance 299-V-10 as it existed earlier, this Court finds that the Ordinance has two parts. The first part relates to maximum number of attempts permitted for each paper as three including the first attempt and the second part is with regard to the maximum period to complete the course successfully which should not exceed eight years while in the new Ordinance, the language is changed and a candidate is entitled to avail any number of attempt, however, the maximum period for passing B.Sc. (Nursing) Course is not more than eight years. Thus, while in the previous Ordinance the word "should complete course in eight years" was mentioned which is to be treated as directory and not mandatory; in the new Ordinance, the language is in a mandatory form stating the words "not more than eight years".

12. This Court has already held that since the students were admitted in the year 2010, the Ordinance applicable on them

would be the previous Ordinance and the new Ordinance, which has come into force from 2017, will not apply as all the present petitioners are students who were admitted in 2010-2011.

13. On noticing the judgments cited by learned counsel for the petitioners (supra), this Court finds that the Coordinate Bench has taken a view that if a student has been deprived of yearly examination and there has been a delay in conducting of examinations by the University, he cannot be made to suffer and on the basis of equity, orders have been passed allowing them to appear in the examination.

14. On the other hand, in the judgments cited by learned counsel for the respondents (supra), the Coordinate Bench has taken a view that equity cannot play a role.

15. However, in both types of judgments, as noticed above, the provisions have not been examined. This Court, therefore, deems it appropriate to examine the case in the light of the Ordinance and interpretation thereto.

16. In view of the interpretation of Ordinance, referred herein above, this Court finds that the University was required to conduct main examinations each year and also the supplementary examination within four to six months after declaration of the result in terms of the Ordinance 299-V-4. As per Ordinance 299-V-10, the unsuccessful candidates would be entitled to be allowed maximum number of attempts as provided therein but if the maximum number of attempts could not be completed within eight years, a student cannot be ousted from completing the number of attempts on the ground that the total number of eight years are over as this

Court has already held that the words "eight years" cannot be treated to be mandatory in the Ordinance as it existed earlier.

17. Accordingly, these writ petitions deserve to be allowed.
18. As noticed, the petitioners were allowed to participate and appear in the examination by interim orders passed from time to time in the individual writ petitions.
19. In view of the interpretation as taken above, these writ petitions are allowed and the respondent-University is now directed to declare result of the petitioners. If the petitioners are found to be successful in the examination, they shall be declared pass and their marks-sheet and degree be accordingly issued. The exercise shall be conducted within a period of three months from today. All pending applications also stand disposed of.

(SANJEEV PRAKASH SHARMA), J

SAURABH/Nitin/12,14,21 to 25,27,30 to ,32,34,37,38,40
